Palmetto Fellows Scholarship

The South Carolina General Assembly established the Palmetto Fellows Scholarship Program in 1988 to retain academically talented high school graduates in the State through awards based on merit. Eligible full-time students may receive the following awards:

Up to \$6,700 each academic year toward the cost of attendance at an eligible four-year institution in South Carolina for a maximum of eight terms.

Initial Eligibility Requirements:

Applications for early awards must be submitted to the Commission on Higher Education for the Palmetto Fellows Scholarship by the date established in *December* each academic year. High school seniors may apply if they meet one of the two following academic requirements (students cannot use these criteria to meet the final award criteria):

- ◆ Score at least 1200 on the SAT (27 on the ACT)¹ by the November test administration, earn a minimum 3.50 cumulative GPA² on the SC Uniform Grading Scale (UGS) at the end of the junior year, and rank in the top six percent³ of the class at the end of either the sophomore or the junior year; or
- ◆ Score at least 1400 on the SAT (32 on the ACT)¹ by the November test administration and earn a minimum 4.00 cumulative GPA² on the SC UGS at the end of the junior year.

Applications for final awards must be submitted to the Commission on Higher Education for the Palmetto Fellows Scholarship by the date established in *June* each academic year. High school seniors may apply if they meet one of the two following academic requirements:

- ◆ Score at least 1200 on the SAT (27 on the ACT)¹ by the June national test administration of the senior year; earn a minimum 3.50 cumulative GPA² on the SC UGS at the end of the senior year, and rank in the top six percent³ of the class at the end of the senior year; or
- ◆ Score at least 1400 on the SAT (32 on the ACT)¹ by the June national test administration and earn a minimum 4.00 cumulative GPA² on the SC UGS at the end of the senior year.

Students must not be a recipient of the LIFE Scholarship, SC HOPE Scholarship or Lottery Tuition Assistance.

For application information, please contact your high school guidance counselor if you meet the above criteria.

¹ The score on the SAT must be calculated by using the highest Math score combined with the highest Critical Reading score (formerly know as the Verbal score). Students cannot use the Writing subsection score to meet the minimum SAT score. Students may use either the SAT version prior to March 2005 and/or the new SAT to obtain the qualifying score. The score on the ACT is determined based on the composite score at one test sitting.

² GPAs must be reported to at least two decimal places and cannot be rounded.

³ Rank is calculated by multiplying the number in class by six percent. If the resulting percent is not a whole number, then round it up to the next whole number. For example, a class size of 185 students allows the top 12 students to be included in the top six percent. (185 x 6% = 11.1, rounded to the next whole number of 12)
